● COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills

Excellent teamwork skills gained through my experience as a mobile application developer in more than six teams and companies.

● JOB-RELATED SKILLS

Programming Skill

Native iOS development:

SWIFT and UIKit (Advance), Swift UI (Intermediate),
RXSwift, RxCocoa (Advance),

in Cross-platform:

Flutter (Intermediate),

*Experience to integrate developed Flutter custom project as a framework with the existing iOS native mobile project (Advance)

Android Studio (Intellij IDEA) and tools (Advance)

Native Android development:

Java for Android Framework (Advance),
KOTLIN (Intermediate),
Android SDK and API Level (Advance)

Related development Skills:

Xcode, Android Studio(Advance),

Unit Testing and UI Testing (Advance),

Google Maps and Firebase (PushNotification, Analytics)

Working with third-party libraries like CocoaPods (Advance),

Experience working with RESTful and SOAP web services,

Experience in working in agile teams (Scrum framework and Kanban methodology)

Understand and experience with mobile application Design patterns such as MVP, MVVM, VIPER, and Repository Pattern

Advanced Experience with version controlling platforms like TFS and Git

Experience with APP-RTC (App Real-Time Communication)

Experience with MQTT (Message Queuing Telemetry Transport) is an ISO standard (ISO/IEC PRF 20922) publish-subscribe-based messaging protocol.

Familiar with CI/CD pipeline such as Jenkins and fastlane
